

# How EROAD's telematics can enhance your driver's performance

Identifies drivers

Monitors speed

Optimises routes

**Collects data** on driver, route and distance travelled

**Alerts** for harsh braking, erratic driving, cornering or acceleration

**Manages driver fatigue**

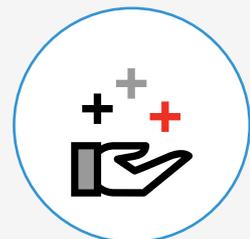

**Reduces excess idling** rates and **unnecessary fuel wastage**

**Creates healthy competition** and gamification between drivers

Allows you to **reward good driving**

Can help **reduce insurance premiums and excess**
