

**EROAD STAR**

## Machinery Movers

Leaderboard gives us all the names of the drivers and how they perform through the week. I keep a record of it so I can see how I perform and how other drivers perform – because I'm involved with their health and safety.

EROAD has improved my driving. I can monitor myself and try and improve my driving. Our despatch boss doesn't make us speed. It's us that do it. Sometimes having these records makes us come back to reality, to slow down. It's all about driving safely and getting home safely. That's why you should have EROAD.
