

**EROAD**  **RUC Star**  
*Compliant*

“Off-road claims are a big deal when you’re in forestry and EROAD has made the whole process simpler.”

“We use AutoRUC so we know our trucks are compliant when they’re away from the base – it’s one of those things that you set and forget.”

“We don’t have to send out RUC labels to drivers who live out of town and we know exactly when their trucks are due for a service.”
