

BUSINESS EXCELLENCE WITH EROAD

We asked our customers how the EROAD solution had helped transform their businesses. This was Midnight Express' response.

EROAD takes care of Midnight Express reporting

EROAD is awesome. As team drivers, we were overwhelmed with having to log all the miles as it is very tedious. We eventually stopped logging them and had our compliance agent route us off our miles. That method was costly as we had to pay extra for them to do and it was risky because it wasn't as accurate, which would be damaging to our company in the event of an audit.

Now that we have EROAD, we just fill our paper logs as usual and let the little device take care of our trip for us. We also love how EROAD can calculate when we're on roads that don't need to be taxed! Thanks EROAD!
